

CURVE MINERALEX

**80°C
MÁX.**

Inner Tube: natural rubber tube that is highly abrasion and tear resistant.

Reinforcement: high tensile textile braid with steel helix wire.

Cover: smooth (wrapped), made from black rubber that is abrasion, weather, ozone, saltwater and ultraviolet ray resistant with a red continuous transfer label.

APPLICATION

Curve used in mines and ore processing plants due to its high abrasion resistance and low friction coefficient. High-tech construction system, guaranteeing full efficiency during the application. Available only with full-face end fittings.

END FITTINGS
