

MINERALFLEX

Inner Tube: black synthetic rubber tube that is resistant to high abrasion.

Reinforcement: high tensile textile braid with steel helix wire.

80°C MAX.

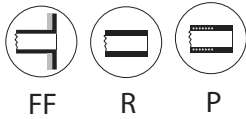

Cover: smooth (wrapped), made from black rubber that is abrasion, weather and ozone resistant and has a red continuous transfer label.

APPLICATION

A specially designed large bore hose for lower-duty suction and discharge services involving iron ore slurry and other highly abrasive materials in a dry or aqueous medium. Lightweight and flexible product.
