

RIGFLEX SUCTION AND DISCHARGE

**80°C
MAX.**

Inner Tube: tube made from black synthetic rubber resistant to oils and bulk material in general.

Reinforcement: high tensile textile braid with a steel helix wire and static conductive filament.

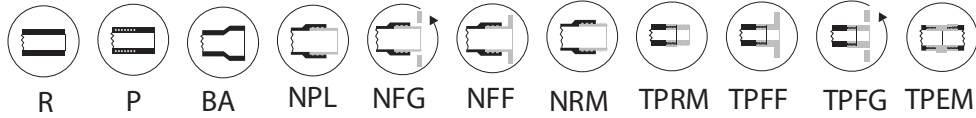

Cover: smooth (wrapped), made from black rubber that is oil, abrasion, ozone and weather resistant with a blue continuous transfer label.

APPLICATION

Recommended for the suction and discharge of a wide variety of fluids and solids on oil rigs, for supply between boats and offshore platforms. Traction resistant: 4 tons

END FITTINGS
