

VAPOR FRIGORIFICO

Inner Tube: black rubber tube with excellent steam resistance. Tube available in the color white.

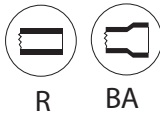

Reinforcement: high tensile textile braid.

Cover: smooth (wrapped), made from white rubber that is abrasion, weather and ozone resistant

APPLICATION

Recommended for steam services in food, paper and pulp or refrigerated industries or other sites, which due to health requirements need hoses for steam with a white covering. They are lightweight and flexible and operate at a temperature of up to 148°C.
